Review Highlights - "One of the most romantic pit stops" on PCH, this "rustic"... "favorite" in a "historic" inn "across from the Pacific" is "deservedly legendary" for its "fantastic breakfasts", though its "wonderful" Cal dinners – "prepared from local fish, game and vegetables" and complemented by "vintages you'll be surprised to see here" – are also "worth the trip"; but acolytes aver "this is where to eat in Big Sur."
